

A wide-angle photograph of the Montreal skyline at sunset. The sky is a warm orange and yellow. In the foreground, there's a mix of modern skyscrapers and older, more traditional buildings with various architectural styles. Several chimneys are visible, emitting plumes of white smoke. The overall atmosphere is hazy and golden.

Directed Sponsorship

We would be happy to direct your donation to travel grants and other activities as you prefer.

Logos

Sponsor logo will appear as soon as the donation is received to let earlier sponsors get more exposure time and visibility on the LXAI @ NIPS 2018 website. The size of the logos depends on the five different donation levels.

Presenting Author Travel Grants

- These grants provide travel support to entry and mid-career investigators for attending the LXAI Research Workshop @ NIPS.
- The grants are awarded to researchers and scientists who have limited funds for travel but are the first or contributing authors on one or more abstracts submitted.
- Up to \$2,500 based on cost of travel, hotel accomodations, and as needed basis

Poster Travel Awards

These awards provide up to \$300 travel reimbursement to early career researchers whose abstracts selected for poster presentations only are deemed to be exceptional. Selection is based on the originality and significance of the research presented.

The background image shows a panoramic view of a city at dusk or night. In the foreground, there's a large, modern building with a glass roof and a red brick building next to it. The city skyline is filled with various buildings, some with illuminated windows. A bridge spans a body of water in the distance. The overall atmosphere is urban and vibrant.
